PORTFOLIO

NINE INDUSTRIAL PHOTOGRAPHY

Nine Industrial Photography Studio holds the record for industrial photography in this field by photographing more than 5 million square meters of the largest production and industrial lines. Our Industrial and Commercial Photography Atelier is a subsidiary of Megat International Craft Holding. Our services include industrial, commercial, food, architectural and production line photography. In the years of activity of this collection, we have succeeded in having continuous activity with more than 1000 big industrial and production brands.

Advanced photography and lighting equipment, experienced staff and professional photo editing departments have made us a leading industrial photography studio in the manufacturing and industrial industries. In this collection, we have displayed a selection of executive projects that we have done for some of the top brands over the years.

All photos in this collection were taken by NIMA ABOLGHASEMI and Nine Industrial Photography Atelier, and any use of it without official permission from the creator of the work is illegal.

Sincerely, the images in this collection, which were captured over the past ten years by the Studio Nine team and commissioned by construction industry engineers, are dedicated to the hardworking and resilient women in various fields of labor – especially in the ancient land of Iran. Women whose tired yet capable hands carry the heavy weight of life, and who, with grace and dignity, begin each day with the hope of building a better tomorrow. Women who may go unseen, yet their presence forms the silent pillars of this hardworking world.

با احترام، تصاویر این مجموعه که در طی ده سال گذشته، به سفارش مهندسان صنعت ساختمان و توسط تیم استودیو ناین تهیه شده، تقدیم می‌شود به زنان پرتلاش و زحمت‌کش در بخش‌های مختلف کاری، به‌ویژه در سرزمین کهن ایران. زنانی که با دستانی خسته اما پرتوان، بار دشوار زندگی را بر دوش می‌کشند و با وقار و متانت، هر روز را با امید ساختن فردایی بهتر آغاز می‌کنند؛ زنانی که شاید دیده نشوند، اما بی‌تردید، حضورشان ستون‌های پنهان این جهان پرکار است.

REGISTERED WORKS OF NIMA ABOLGHASEMI INDUSTRIAL PHOTOGRAPHER OF STUDIO NINE

Was born on December 15, 1984 in an artist family. As a young man, he learned the basics of art from his father, Mohammad Hadi Abolghasemi, a world-renowned professor, and gradually became interested in photography. Of course, he completed his studies in mechanical engineering and manufacturing, but due to his great interest in industrial photography, he started his activity in this field.

While studying mechanical engineering, he developed his skills in industrial photography and related software and learned its techniques and academic principles. He joined Megat Holding in 2006 as CEO and Artistic Director. With the valuable efforts and experiences he gained over the years, he became a professional and popular industrial photographer. Finally, in 2013, together with his brother, he established one of the Megat holdings called Nine Industrial Photography Studio, which was an independent industrial photography studio, and since then he has been the managing director and artistic director of Nine Industrial Photography Atelier.

Nima Abolghasemi has won many awards as the best industrial photographer and has always been admired by many professors and elders of this industry. In addition to industrial photography activities, he has a brilliant record in educating students of industrial photography and professional retouching, and the establishment of industrial photography workshops, especially production line photography, products and architectural photography for many students are among these records. He has also had significant activities in the field of industrial videography and editing of industrial and advertising videography. What we have presented here are small examples of these large industrial units that have been delivered to them after industrial photography and retouching.

M.AMIN ABOLGHASEMI

CEO & FOUNDER OF STUDIO NINE

Was born in 1980 in Tehran and entered the labor market after completing his studies in civil engineering. He started his activity in 2001 as the founder and chairman of the board of directors of Megat Holding companies.

In 2013, together with his brother, he established, equipped and launched one of the most equipped industrial photography studios in the field of photography and professional industrial retouching as one of the subsidiaries of Megat Holding.

Nine Industrial Photography Atelier has introduced itself as a leading brand in the field of industrial photography by attracting efficient human resources as well as using modern industrial photography and retouching equipment and relying on the significant support of prominent employers in recent years. The use of the most advanced equipment along with the knowledge and art of young and skilled manpower has accelerated its development and has now reached the highest level of industrial photography.

In addition to a wide range of clients, we are constantly working with more than 1,000 well-known industrial brands from corporations, large commercial holdings and powerful private and public sectors in the fields of industrial photography, graphics and web design. What we have presented here are small examples of these large industrial units that have been delivered to them after industrial photography and retouching.
